Operating System

- Windows 8

Processor and Graphics

- Intel® Core™ i5-4200U Processor
  - (3M Cache, up to 2.60GHz) with Intel® Turbo Boost Technology 2.0
- Mobile Intel® HD Graphics with dynamically allocated shared graphics memory

Memory

- Configured with 6GB DDR3L 1600MHz (max 16GB)
- 2 main memory slots. Both slots are occupied. (Memory is not user replaceable)

Storage Drive

- 750GB (5400 RPM) Serial ATA hard disk drive (system use only) solid state disk cache

Display

- 14" diagonal widescreen TruBrite® TFT display at 1366 x 768 native resolution (HD)
  - Touchscreen
  - Native support for 720p content
  - LED backlight
  - 16:9 Aspect Ratio
- Intel® Wireless Display Ready

Sound

- Built-in stereo speakers
- DTS Studio Sound™

Input Devices

- Premium Raised Tile Keyboard
  - LED Backlight
- Click pad pointing device with Windows 8 gesture control

Communications

- HD webcam
- Dual microphones with beam forming technology
- 10/100/1000 Ethernet
- Intel® Wireless-N 7260, 2x2 BGN+BT
- Bluetooth® v4.0

Expandability

- Memory Card Reader
  - Secure Digital, Secure Digital High Capacity, Mini SD Card, Micro SD, Micro SDHC, Multi-Media Card [shared slot may require adapter for use]

Ports

- Video
  - HDMI®
- Audio
  - Microphone input port/Headphone output port(shared)
- Data
  - 2 USB v3.0 ports + 1 2.0 port with USB Sleep and Charge
  - RJ-45 LAN port

Physical Description

- Smart Silver Brushed Aluminum
- Dimensions (W x D x H Front/H Rear): 13.4" x 9.2" x 0.8"
- Weight: Starting at 4.4 lbs. depending upon configuration

Power

- 45W (19V 2.37A) 100-240V/50-60Hz AC Adapter
- Weight: starting at 0.45 lbs.

Battery

- 3 cell/50Wh Lithium Polymer battery pack (not user replaceable)
- Battery Life Rating (measured by MobileMark® Productivity 2012)
  - Included 3 cell battery: up to 7 hours, 36 minutes

Software

- Toshiba Software and Utilities
  - TOSHIBA App Place®
  - TOSHIBA BookPlace™
  - TOSHIBA Bluetooth Stack
  - TOSHIBA eco Utility™
  - TOSHIBA HDD Protection
  - TOSHIBA Media Player by sMedio Truelink+
  - TOSHIBA Maintenance Utility
  - TOSHIBA Recovery Media Creator
  - TOSHIBA Service Station
  - TOSHIBA Sleep Utility
  - TOSHIBA Password Utility
  - TOSHIBA Resolution+ Upconvert Technology for Media Player

- Third-party Software
  - Adobe Reader
  - Internet Explorer® 10
  - Google Drive
  - Intel® Wireless Display™
  - Norton™ Anti-Virus (12-month subscription)
  - Dragon Assistant™
  - DTS Studio Sound™
  - WildTangent® Games Console
- Special Offers and Trial Software
  - 1 month trial for new Office 365 customers
  - Norton™ Anti-Theft (30-day Trial)

1 YEAR STANDARD LIMITED WARRANTY

Environmental Specifications

This product is RoHS compatible
- ENERGY STAR® Qualified
- EPEAT® Gold Rated

**Subject to Change**

While Toshiba has made every effort at the time of publication to ensure the accuracy of the information provided herein, product specifications, configurations, prices, system/component/options availability are all subject to change without notice. For the most up-to-date product information about your computer, or to stay current with the various computer software or hardware options, visit Toshiba’s Web site at [http://www.support.toshiba.com](http://www.support.toshiba.com).

**Return Policy**

Notwithstanding anything to the contrary in any third party License Agreement or product documentation supplied with your PC, Toshiba America Information Systems, Inc. ("TAIS") does not accept the return of component parts, or bundled software, that have been removed from the PC system. Pro-rata refunds on individual PC components or bundled software, including the operating system, will not be granted. If you wish to return a complete PC system, contact the TAIS dealer where you purchased the product, and comply with the dealer's standard return policies and procedures.

**Subject to Change**

While Toshiba has made every effort at the time of publication to ensure the accuracy of the information provided herein, product specifications, configurations, prices, system/component/options availability are all subject to change without notice. ### 64-bit computing:

64-bit computing requires that the following hardware and software requirements are met:

- 64-bit Operating System
- 64-bit CPU, Chipset and BIOS (Basic Input/Output System)
- 64-bit Device drivers
- 64-bit applications

Certain device drivers and/or applications may not be compatible with a 64-bit CPU and therefore may not function properly. See "Detailed Specs" for more information.

CPU performance may also vary from specifications due to design configuration.

Under some conditions, your computer product may automatically shut-down. This is a normal protective feature designed to reduce the risk of lost data or damage to the product when used outside recommended conditions. To avoid risk of lost data, always make back-up copies of data by periodically storing it on an external storage medium. Use your computer product only under recommended conditions. Read additional restrictions under “Environmental Conditions” in your product “Detailed Specs.” Contact Toshiba Technical Service and Support for more information.

- **Graphics (Graphics Processing Unit)**: GPU performance may vary depending on product model, design configuration, applications, power management settings and features utilized. GPU performance is only optimized when operating in AC power mode and may decrease considerably when operating in battery power mode.

- **Total Available Graphics Memory**: is the total of, as applicable, Dedicated Video Memory, System Video Memory and Shared System Memory. Shared System Memory will vary depending on system memory size and other factors.

- **Memory (Main System)**: Part of the main system memory may be used by the graphics system for graphics performance and therefore reduce the amount of main system memory available for other computing activities. The amount of main system memory allocated to support graphics may vary depending on the graphics system, applications utilized, system memory size and other factors. Computers configured with a 32-bit operating system can address up to 3GB of system memory. Only computers configured with a 64-bit operating system can address 4 GB or more of system memory.

- **Storage Drive**: Solid State Drive (SSD) Capacity
  - Computer (Internal) SSD Capacity: One Gigabyte (GB) means 10^9 = 1,000,000,000 bytes using powers of 10. The computer operating system, however, reports storage capacity using powers of 2 for the definition of 1 GB = 2^30 = 1,073,741,824 bytes, and therefore shows less storage capacity. Available storage capacity will also be less if the computer includes one or more pre-installed operating systems, such as Microsoft Operating System and/or pre-installed software applications, or media content. Actual formatted capacity may vary.

- **Display**: Small bright dots may appear on your display when you turn on your PC. Your display contains an extremely large number of thin-film transistors (TFT) and is manufactured using high-precision technology. Any small bright dots that may appear on your display are an intrinsic characteristic of the TFT manufacturing technology. Over a period of time, and depending on the usage of the computer, the brightness of the screen will deteriorate. This is also an intrinsic characteristic of the TFT manufacturing technology. When the computer is operated on battery power, the screen may dim and you may not be able to increase the brightness of the screen while on battery power.

- **Intel® Wireless Display**: Copy protection technology, if any, associated with the content may prevent or limit viewing of content.

- **Wireless**: May require purchase of additional software, external hardware, or services. Transmission speeds may vary. Certain optional features within the wireless-n specifications (if available on your system) may not be supported.

- **USB 3.0**: 5Gbps is the maximum theoretical interface transfer rate per the specifications of the Universal Serial Bus 3.0. Actual transfer rate will vary depending on your system configuration and other factors.

- **USB Sleep & Charge**: The "USB Sleep & Charge function" may not work with certain external devices even if they are compliant with the USB specification. In those cases, turn the power of the computer ON to charge the device.

- **Weight**: Weight may vary depending on product configuration, vendor components, manufacturing variability and options selected.

- **Battery Life Rating**: Measured by MobileMark® 2012 for models preinstalled with Microsoft® Windows 8.

  Details of MobileMark® 2012 testing protocols are available at [www.bapco.com](http://www.bapco.com) MobileMark is a trademark of the Business Applications Performance Corporation.

  Rating is for comparison purposes only, and does not indicate the battery life that will be obtained by any individual user. Actual battery life may vary considerably from specifications depending on product model, configuration, applications, power management settings and features utilized, as well as the natural performance variations produced by the design of individual components. The battery life rating is only achieved on the select models and configurations tested by Toshiba under the specific test settings at the time of publication and is not an estimate of a system’s battery life under any conditions other than the specific test settings.

  After a period of time, the battery will lose its ability to perform at maximum capacity and will need to be replaced. This is normal for all batteries.

- **Battery Life Rating**: Measured by MobileMark® 2012 for models preinstalled with Microsoft® Windows 8.

  Details of MobileMark® 2007 and MobileMark® 2012 testing protocols are available at [www.bapco.com](http://www.bapco.com) MobileMark is a trademark of the Business Applications Performance Corporation.

  Rating is for comparison purposes only, and does not indicate the battery life that will be obtained by any individual user. The battery life rating is only achieved on the select models and configurations tested by Toshiba under the specific test settings at the time of publication and is not an estimate of a system’s battery life under any conditions other than the specific test settings.

  After a period of time, the battery will lose its ability to perform at maximum capacity and will need to be replaced. This is normal for all batteries.

- **Upconverter/Upconversion Technology (Resolution+® Technology)**: Viewing enhancements may vary depending upon content quality and display device capability/functionality/settings. Depending on the quality of the content, some video noise may be visible.

- **Intel® Wireless Display**: Copy protection technology, if any, associated with the content may prevent or limit viewing of content.

- **Microsoft® Office trial**: Buy Microsoft® Office to use full-featured Office software on this PC.
Microsoft® Software (if included in your PC; e.g., Microsoft Home and Student 2013, Microsoft Office Home and Business 2013, Microsoft Office Professional 2013)
The version of Microsoft<sup>®</sup> Office included in this computer is only available in and can only be activated within the region in which you purchased it.
Certain Microsoft<sup>®</sup> software products included with this computer may use technological measures for copy protection. In such case, you will not be able to use the Product if you do not activate it with Microsoft. Activation may be completed by Internet or telephone (toll charges may apply). Product Activation procedures and Microsoft’s privacy policy will be detailed during initial launch of the Product, or upon certain reinstallations of the software products or reconfiguration of the computer.

18 **Warranty.** The terms and conditions of Toshiba’s standard limited warranty are available at [www.warranty.toshiba.com](http://www.warranty.toshiba.com).

19 **RoHS.** This notebook is compatible with European Union Directive 2011/65/EU, Restriction of the use of certain Hazardous Substances in electrical and electronic equipment (RoHS), which restricts use of lead, cadmium, mercury, hexavalent chromium, PBB, and PBDE. Toshiba requires its notebook component suppliers to meet RoHS requirements and verifies its suppliers’ commitment to meeting RoHS requirements by conducting component sampling inspections during the product design approval process.

20 **Temperature (Environmental) Conditions.** All temperature references are approximate and the performance of your computer may vary from specifications even when operating within the recommended temperature range.
